

Stand in the Gap: This program provides a pool of funds to cover operating expenses in the event that they are not met through regular sources (i.e. donations, registrations, etc.) In other words, this is an emergency fund. Participants will be called to give only once in a calendar year and only to prevent or limit indebtedness at the end of Baptist Park's fiscal year (September 30). Donors agree to give their pledged amount within 30 days of being notified. It is to be understood that donors' gifts to Stand in the Gap are over and above all other giving to Baptist Park. It is to be understood that donors will be invited to renew their commitment each year.

The potential of your gift is significant. For example, to raise \$25,000 would require 1000 donors @ \$25 each; 500 @ \$50; 250 @ \$100.

Will you be one to stand in the gap should it ever be necessary?

Rebuilding the Wall: This program provides funding for maintenance projects which have been deferred in the last ten years and/or funding for new buildings-and-grounds projects which will advance the ministry of Baptist Park. Only one request per calendar year will be made. Donors agree to give their pledged amount within 30 days of being notified. It is understood that the donor's pledged amount will be over and above all other giving to Baptist Park. It is understood that each donor will be asked to renew his/her pledge annually through 2012.

Again, the potential for your gift is significant. For example, to raise \$15,000 would require 300 donors @ \$50 each; 200 @ \$75; 150 @ \$100; 100 @ \$150; 50 @ \$300

As an example of how Rebuilding the Wall funds will be used, one urgent need is for new roofing on several buildings. While individual donors have come forward to meet this need on some smaller buildings, the shingles continue to deteriorate on larger buildings. Unless something is done soon, these buildings will begin to leak and damage will occur on the interior of these buildings. Together we can get the necessary maintenance work done before interior damage occurs.
